

PORTFOLIO

WILLY FAZRIL RAMADHAN

ABOUT ME

I've been interested in the creative world since the 1st grade of junior high school, I've been studying as a (graphics designer, video editor, 3D maker) since 3 years ago and this is the 2nd year when I started to get serious about becoming a video editor.

I'm not someone who likes to socialize, but I easily adapt to my surroundings. I want to hone my skills and increase my experience in the creative world. Train problem solving and communication skills to improve

- Photography
- Videography
- Video Editing

SOFTWARE

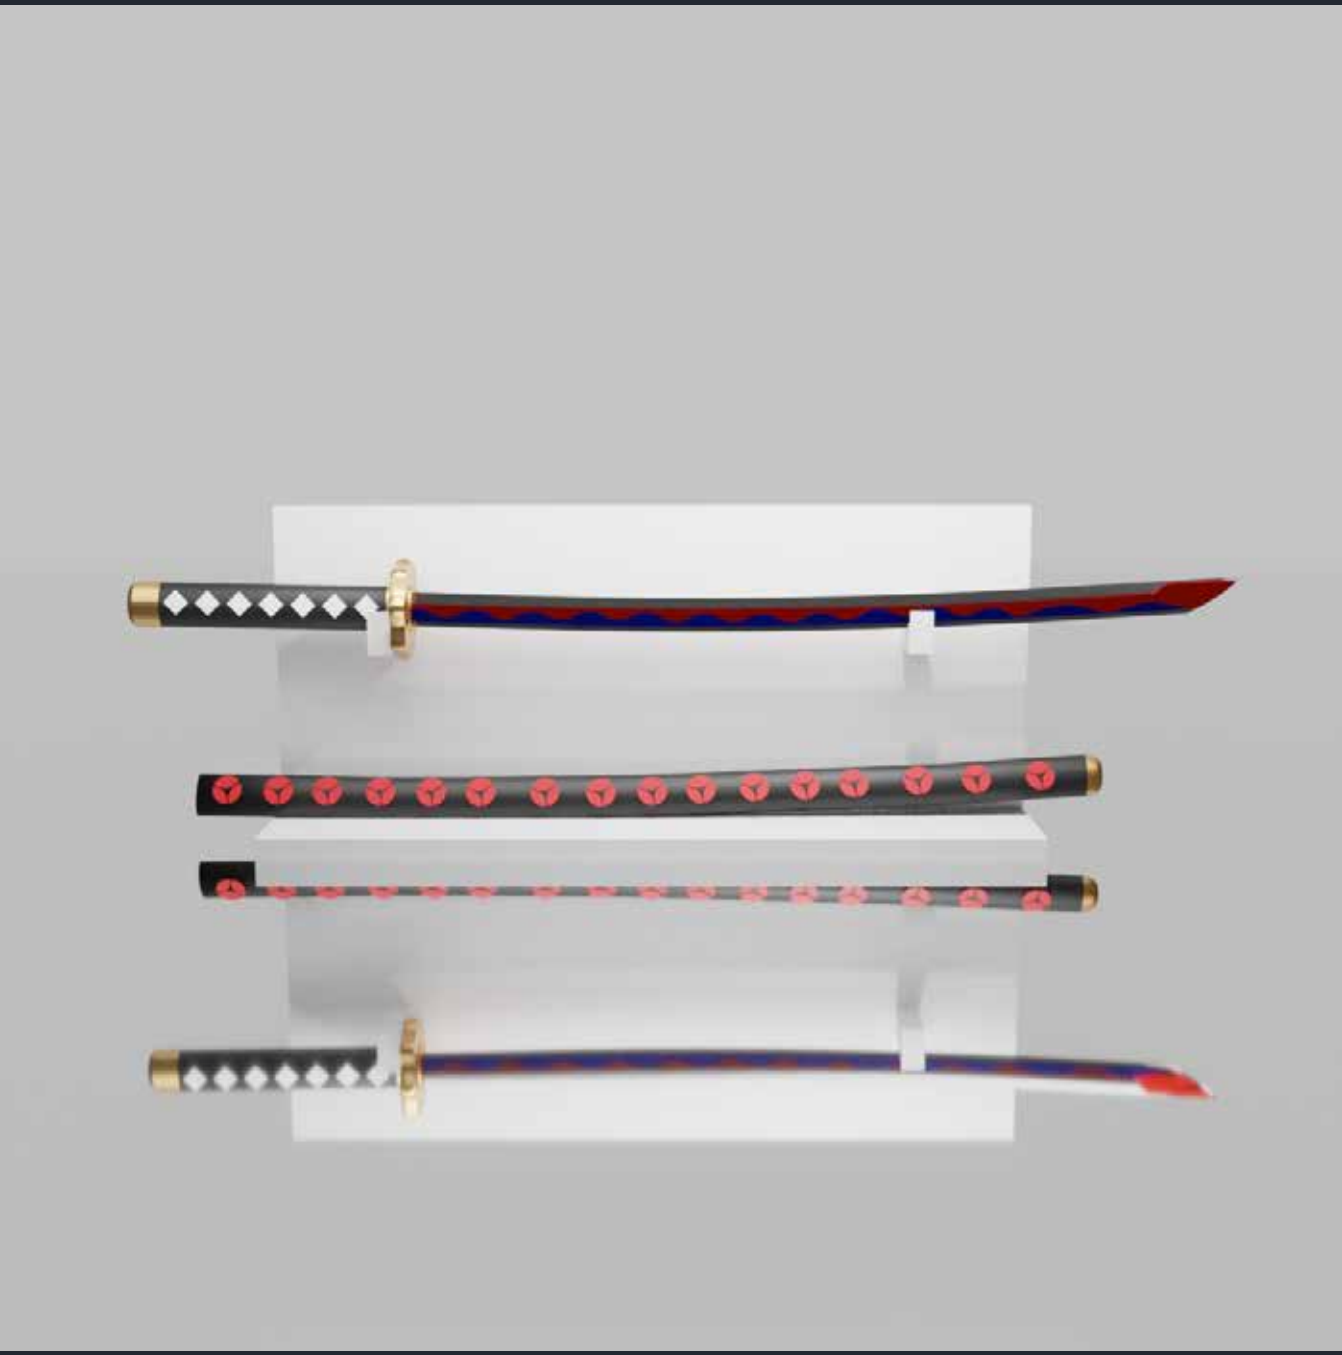

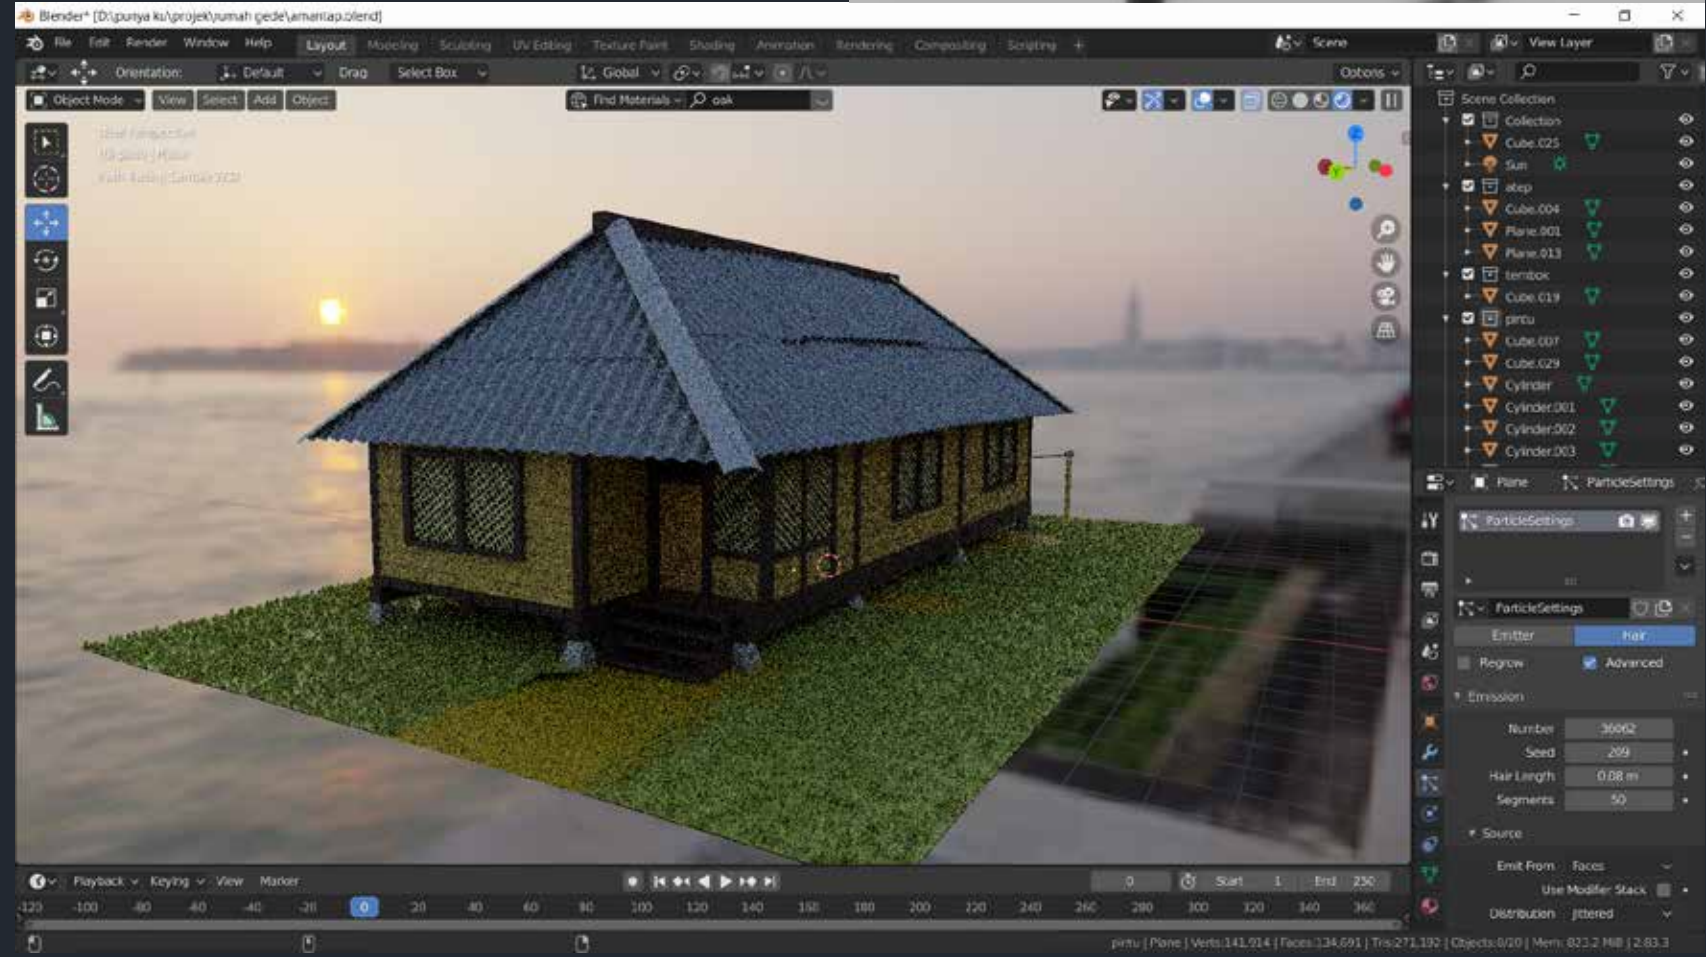

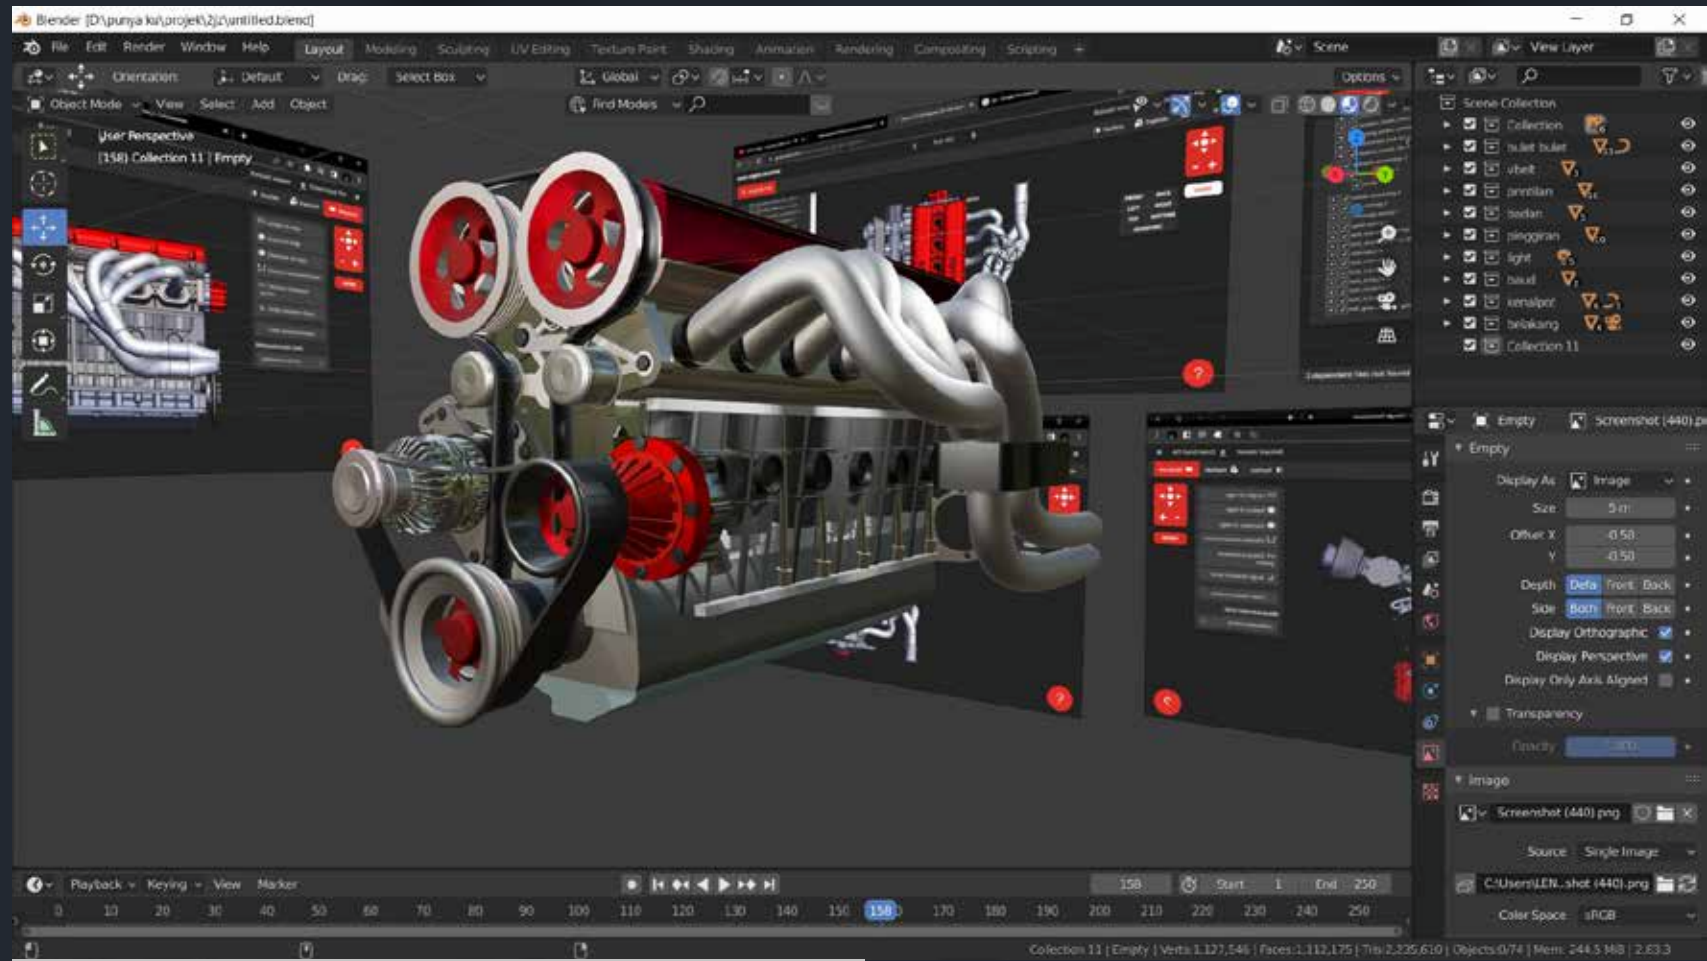

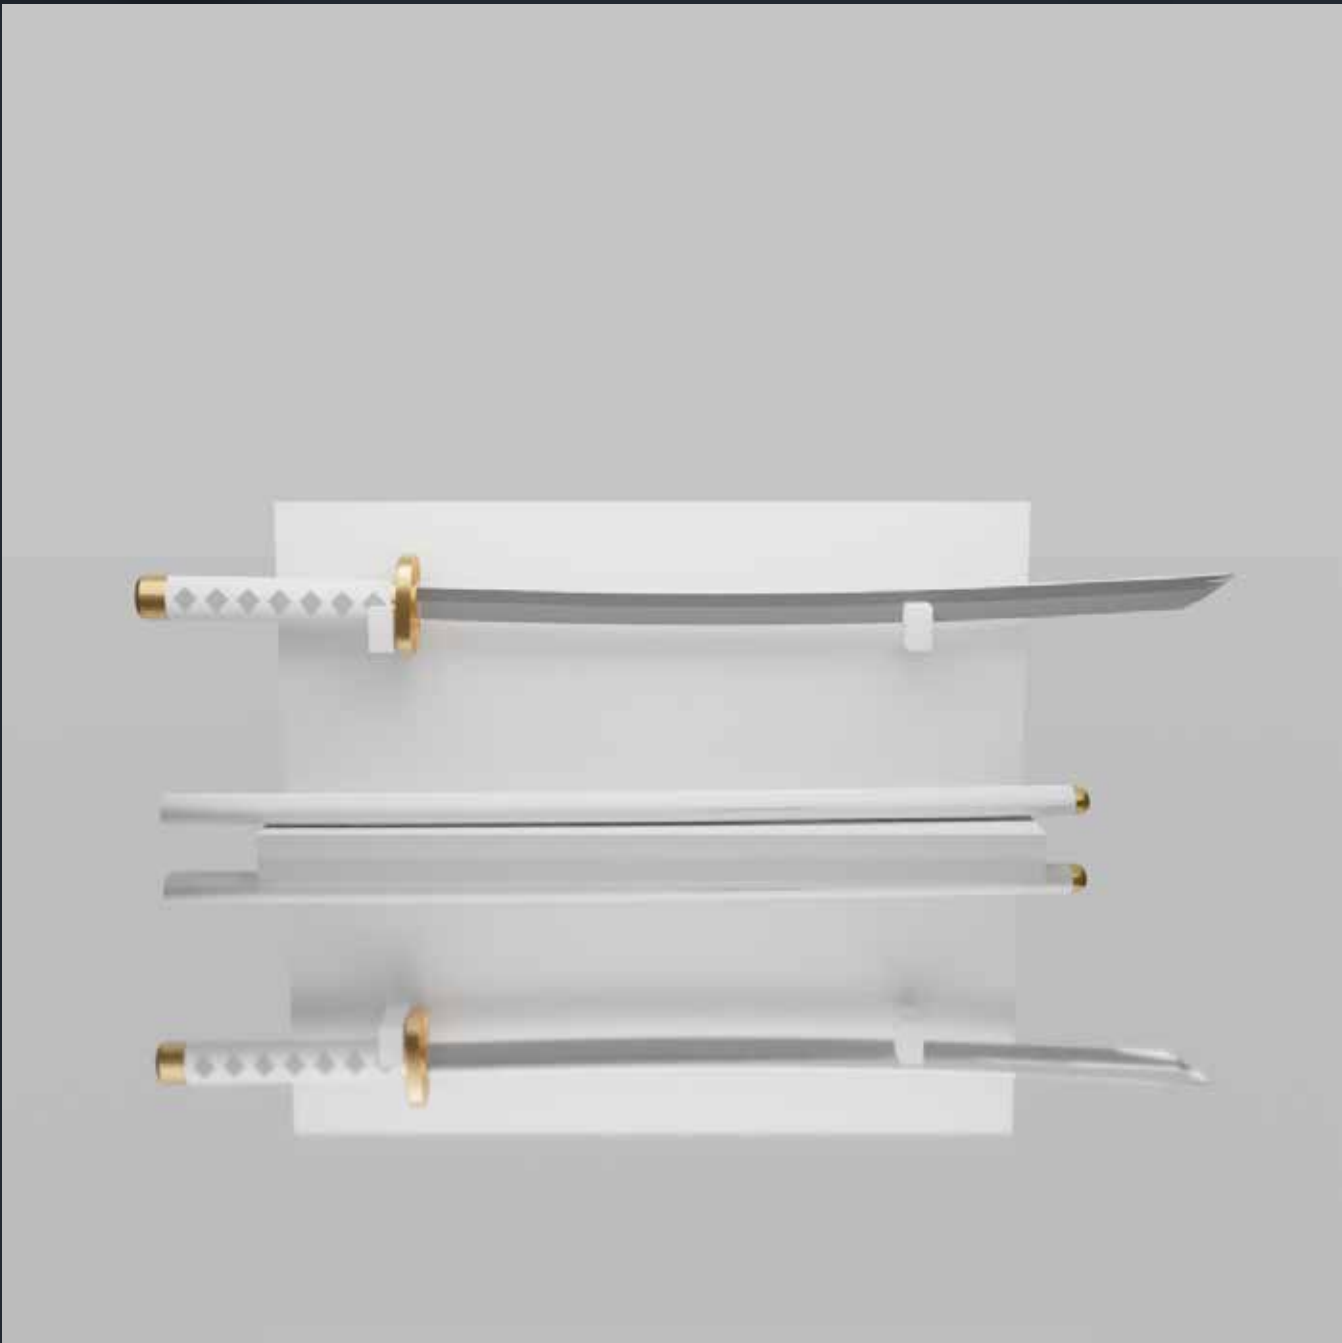

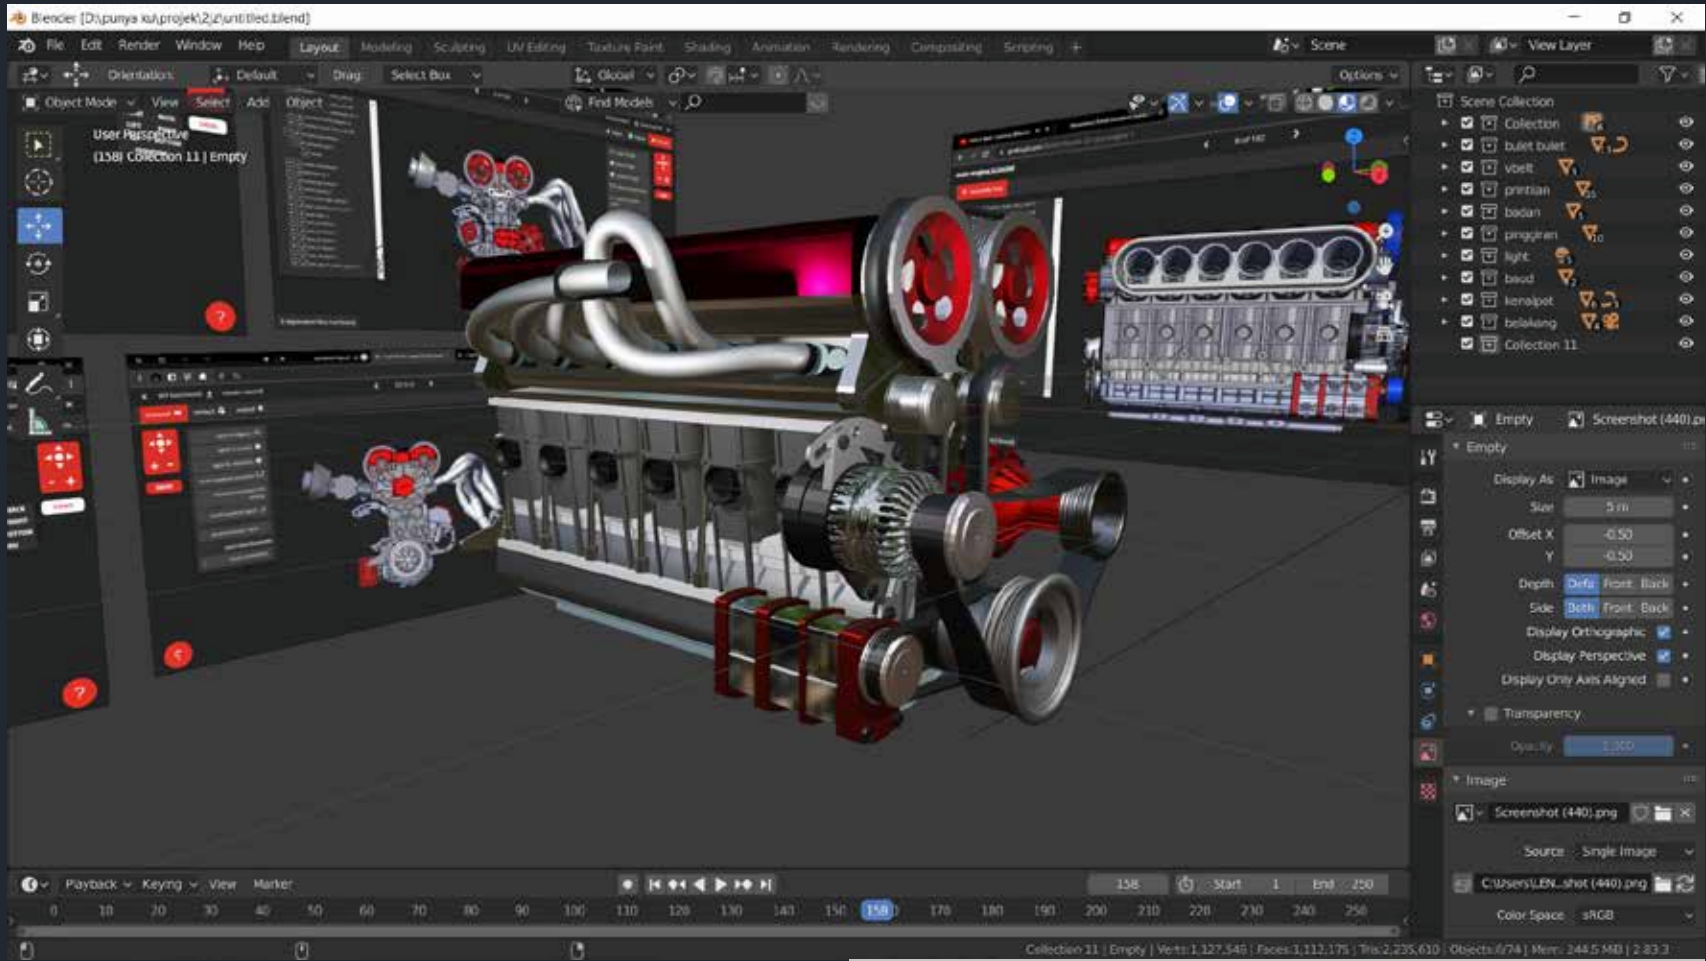

The background is a dark navy blue. In the center, there is a large, three-dimensional wireframe sphere composed of many thin, light gray lines. The sphere has a slight vertical gradient, appearing brighter at the top. In the bottom right corner, there is a white, torn paper-like shape that extends from the edge of the frame.

MY PORTFOLIO

The image features a light gray background with a dark navy blue, torn-paper-like border at the top and bottom. The text "3D MODELING" is centered in a bold, dark navy blue, sans-serif font.
